Management has considered its tax positions in accordance with the accounting standard for uncertainty in income taxes and believes that all of the positions taken in its federal and state exempt organization tax returns are more likely than not to be sustained upon examination. In addition, Management is not aware of any matters which would cause the Organization to lose its tax-exempt status. The Organizations's returns are subject to examination by federal and state taxing authorities, generally for three years and four years, respectively, after they are filed.

Should the Organization ever be subject to interest and penalties related to unrecognized tax benefits, they would be classified in management and general expenses in its accompanying financial statements. During the years ended June 30, 2020 and 2019, the Organization did not recognize any interest and penalties.

Part I, Line 2:

All grants are awarded based on the grantee's capacity to carry out the project, financial soundness of the organization and the specific criteria of the grant. During the current year we had two main grant initiatives. The Punch Woods Endowment Grants are limited to supporting Community Food Security programs. A panel of food bank staff and community leaders review applications from eligible 501(c)(3) organizations. Depending on the number of applicants and fund requested, any number of applications may be funded until the funds are depleted. This is an annual process and all awardees

Part IV Supplemental Information

are chosen and paid at one time. In addition to the Punch Woods grants, we also award agency capacity building grants. Agency capacity building grants are awarded agencies who have or will partner with the food bank or who's impact on the community compliments the food bank's mission. These awards are designed to improve an organization's long-term ability to serve its constituency, increase the quality of its programs or meet compliance standards allowing continued service as a food bank partner. The applications for these grants are reviewed by staff members and awarded as needed throughout the year. Depending on the use of the funding, staff will either observe the outputs in person or receive evaluative reports from the grantees in order to monitor the use of the funds.

Sch I, Part III, Line 1

The Organization uses a proprietary software program to track receipt of non-cash grants by individuals. The State sets parameters for eligibility for certain programs which the Organization also tracks through specialized software. The Organization uses monitoring to track non-cash grants used by its agencies. This monitoring covers both requirements of the granting agency and those imposed by the Organization itself. Monitoring is logged in paper and electronic files, depending on the requirement.

Form 990, Part III, Line 4a, Program Service Accomplishments:

Health disparities can largely be attributed to unequal access to healthy foods, in which socio-economic factors such as race, gender, income, and location of residence play a role. For food insecure populations, lack of access to healthy food often results in a wide variety of negative health outcomes like increased incidence and prevalence of diabetes, poor management of certain behavioral conditions, and social isolation.

Our health and food efforts work across our service area to provide nutritious, culturally relevant foods to those who are experiencing hunger and adverse health outcomes. Our community health care partnerships help advance regional policy and has the potential to inform national policy.
